

Burst

Marlborough Sauvignon Blanc

WINE DESCRIPTION

Burst wines are born from the dedication of many years selling fine wines from all over the world and the passion to select only the greatest of these for you.

Burst wines are produced from grapes picked at the optimal maturity from selected vineyards. Hailing from the Northern tip of New Zealand's South Island, Marlborough is one of the premium wine regions of the world. Carved out by the ancient Wairau and Awatere rivers, this sunny land promotes the freshness for which Sauvignon Blanc is known.

Burst Sauvignon Blanc is fermented and aged in stainless steel vats exclusively. This allows us to maintain the fruitiness and intensity that gives Marlborough wines their unique personality.

TASTING NOTES

Packed with flavors of quince, lemongrass, and crisp mineral underpinnings, Burst is a refreshing and aromatic version of classic Sauvignon Blanc. It is a great accompaniment to garden salads, shellfish, and young cheeses.
